# WHO WE ARE

We **Armature construction Pvt. Ltd.** is an organization of young architects aimed to work hard till the satisfaction of our client.

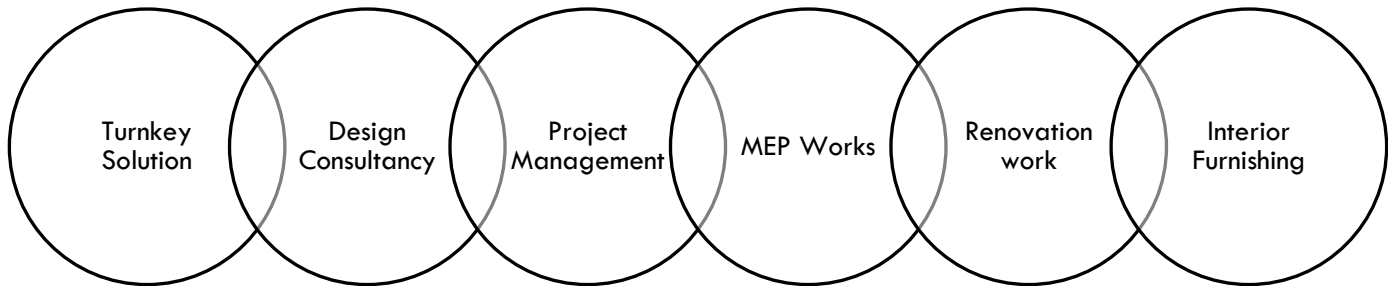

We activate spaces with the concept of dream seen with your eyes considering functionality & form to achieve aesthetics.

We deliver economical, durable products with optimum impact within précised timeframes and deadlines.

# WHAT WE DO

We are one stop solution for Architectural and Interior fit out works from minor repair to complete makeover under below categories

All you need it, we have it !

# HOW DO WE DO

## Stage 1

- To fix a meeting with client and understand the requirements along with detailed site study.
- Sketch out the site and prepare a test fit in same meeting.
- Share the first test fit along with lookalike images and color pallet.
- Freeze the layout after approval.

## Stage 2

- Make a virtual 3-D Model and introduce the color look and feel.
- Take implementations of client.
- Finalize the look and feel.

# HOW DO WE DO

## **Stage 3**

- Make a proper set of drawing which is good for construction.
- Generate the BOQ and provide rates.
- PO & Advance.

## **Stage 4**

- Make project schedule
- Assign teams and work accordingly with keeping deadlines in mind.
- Handover
- Snag list preparation
- Snags closure.

# WHY US

- We have a team of young and talented architects who are aimed to work hard.
- We are faster than others and will finish site within time frames.
- We have professional teams for execution who have been working with us from past 1-4 years.
- We provide warranty\* for 6 months from date of handover to ensure quality.
- We Maintain quality in best rates to make the project economical for client.
- Site visits of experts are aligned during project to ensure perfection.
